SUMMARY

During the implementation of the project three videos were produced and are included in the DVD produced and submitted with the Final Report of the project. The first video is a 39'' video and has also been approved by the Greek National Council for Radio and Television (NCRTV) as social message.

A second educational video was produced by LIFE CONOPS team in collaboration with Eugenides Foundation.

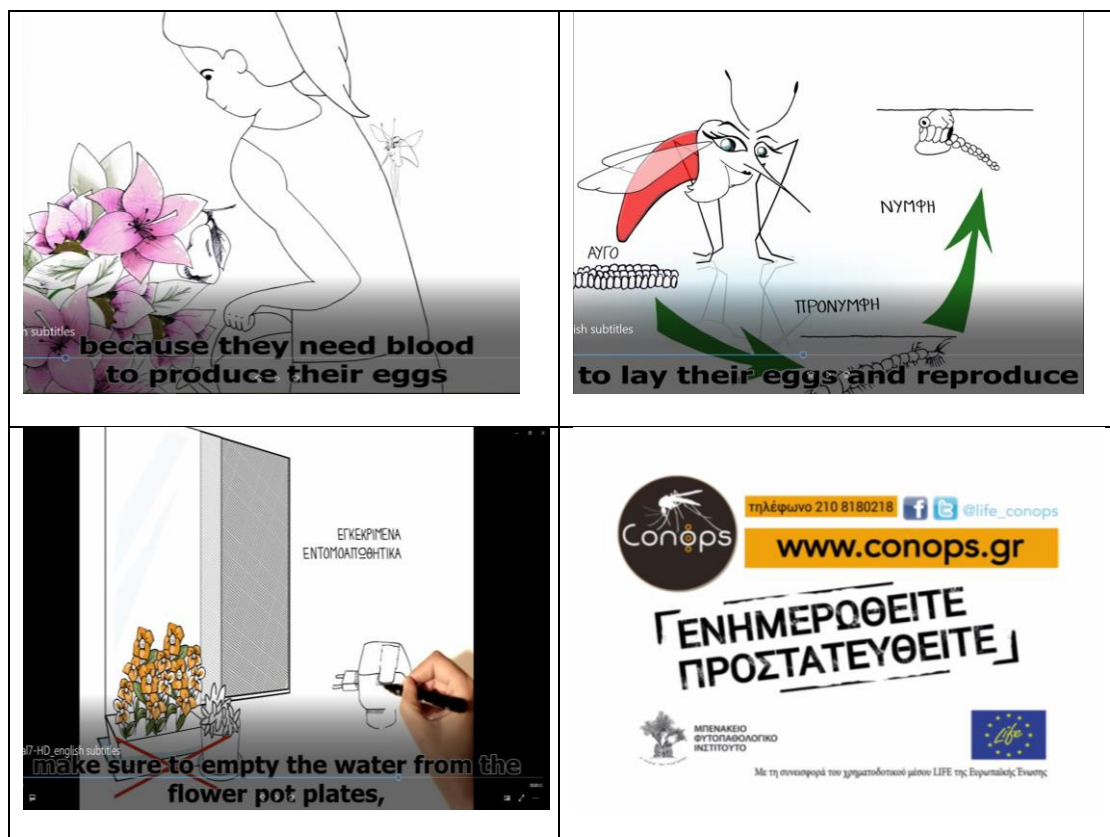

LIFE CONOPS team produced a third video with a duration of 3'17'' and presents in animation the scope, the objectives and the results of LIFE CONOPS.

All videos are submitted in the Appendix of Deliverable D.3.5.

1st video

The first video produced in LIFE CONOPS before the Mid-term report, was a 39'' video. It presents with animation, information about mosquitoes and protection measures against mosquitoes. Currently, it counts **more than 44.400 views** in YouTube. The video has also been **approved by the Greek National Council for Radio and Television (NCRTV) as social message** and was broadcasted on October 2014, September and October 2015 – 2016-2017 and 2018 in TV. The video was translated produced in three languages, namely English, Greek and Italian. The video apart from the TV, it is uploaded to the website and is also distributed to various stakeholders.

The pictures below are screenshots of the video. The whole video is included in the Appendix.

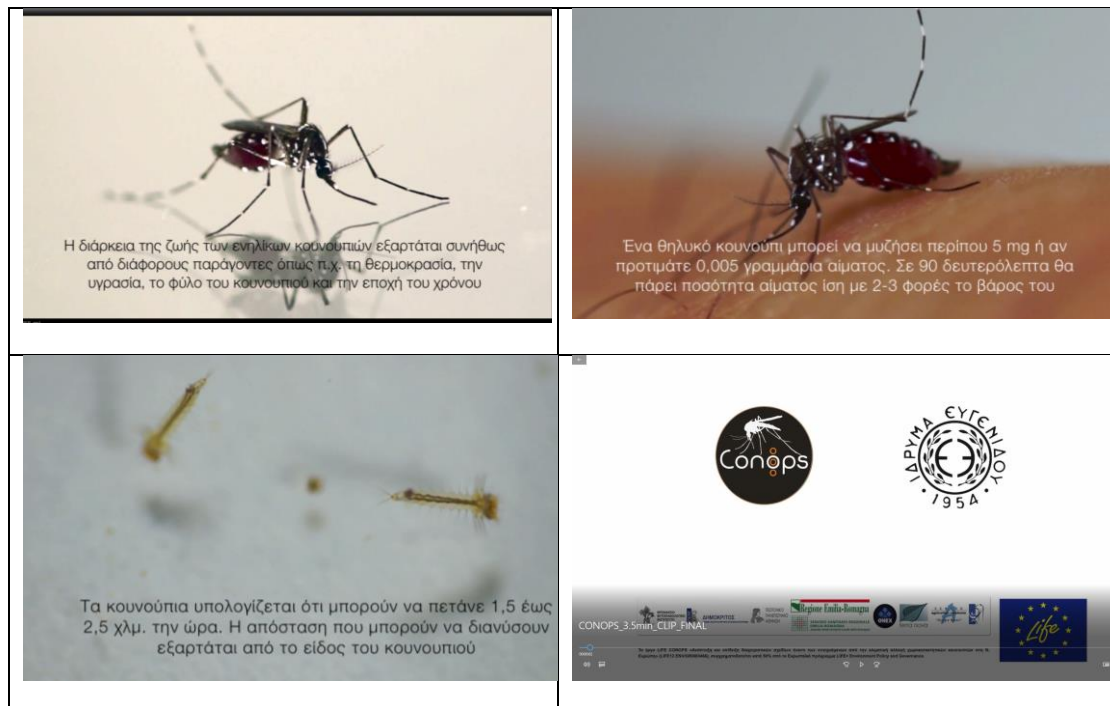

2nd video

A second video was produced by **LIFE CONOPS team in collaboration with Eugenides Foundation** and it is a short educational video about mosquitoes. The particular video currently counts in VIMEO 400 views. The video was not foreseen in the proposal and it was the result of a fruitful collaboration between LIFE CONOPS team and Eugenides Foundation. The video was presented in the Mid-term workshop of the project.

The video is produced in Greek.

The pictures below are screenshots of the video. The whole video is included in the Appendix.

3rd video

LIFE CONOPS team produced a third video for the DVD production foreseen in the proposal. The video has a duration of 3'17'' and presents in animation the scope, the objectives, the actions and the results of LIFE CONOPS. The video is uploaded to the website and it is distributed to the Stakeholders of the project.

It is translated in English, Greek and Italian. The pictures below are screenshots of the video. The whole video is included in the Appendix.
